VERIS BROADENS RELAY LINE WITH THE RELEASE OF THE VST TRACK MOUNT SERIES

PORTLAND, Ore – July 6, 2005 – Veris Industries, a leader in building automation technology, is giving customers a broader offering in their relay line with the release of the VST Track Mount Series.

The track mount relays are ideal for sensing voltages, relay logic, isolation, and device interlocking applications in the HVAC, lighting controls, and BAS industry's. With options of a 2.75 or 4 inch, the VST offers a relay to fit any need.

The VST Series offers a full line of 10-20Amp, SPDT relays, mounted on a circuit board, that quickly and easily snap into a track. The series also includes an option for HOA, an LED to prove status and a standard 5-year warranty.

About Veris Industries
